No worries - I have applied. Yesterday confirmed for me that you all are a team I could work effectively with to further EPA's scientific integrity goals. I think it would also be really interesting and fun! I received an email confirmation that my application had been received so it should be in the pile!

Thanks so much!

Francesca

Thanks again, and I definitely meant what I said regarding your remarks.

Don't forget that we are still seeking applicants for the Scientific Integrity Officer position.

Thanks very much for including UCS in your listening session yesterday. I have attached a summary of my remarks. I hope you find it helpful. I would be happy to review any draft materials. Please let me know if you have questions or concerns and feel free to share this summary as appropriate.

Thank you again,
Francesca
